

Student activities

Vignana Darpan (knowledge board)

JNTUA School of Management Studies works towards the growth and enhancement of the knowledge of students. Vignana darpan helps often in the up-gradation of students more apart from academic learning.

The students themselves will coordinate to have information on many aspects on daily basis. It includes jargon, word power, Newspaper analysis, stock market information, and many other aspects which often help to evaluate the level of skill among students.

The habituation of this will be beneficial and can more create awareness about the activities and helps to make the analysis and assessments.

DAILY NEWSPAPER ANALYSIS (DNA)

JNTUA School of Management Studies conducts various activities and programs to enhance the knowledge and skill of a student. One such activity is being conducted usually is DNA. The DNA helps the students to know the contemporary issues and to analyze the happening of daily business activities.

This activity is been conducted among students on daily basis to update themselves. The analysis mainly helps to improve the understanding level, communication, etc....

OBJECTIVES:

1. To make everyone habituate to read newspaper daily.
2. Helps towards improving communication.
3. To analyze and summarize the issues briefly and understandably.
4. To enhance and improve student capability towards the issues.
